Independent Auditor's Report

To the Board of Trustees
United Cerebral Palsy, Inc.
Washington, D.C.

We have audited the accompanying statement of financial position of United Cerebral Palsy, Inc. (UCP) as of September 30, 2010, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of UCP's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from UCP's 2009 financial statements and in our report, dated May 4, 2010, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2010 financial statements referred to above present fairly, in all material respects, the financial position of United Cerebral Palsy, Inc., as of September 30, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes To Financial Statements

Note 1. Nature Of Activities And Significant Accounting Policies

Nature of activities: United Cerebral Palsy, Inc. (UCP) conducts four major program services for the benefit of persons with disabilities, as follows:

- Support to affiliates through the programs detailed below, as well as through public and private grants;
- Public education designed to increase the public's awareness of cerebral palsy and other disabilities, the causes, treatments and preventions, as well as the needs and rights of persons with disabilities;
- Public policy analysis and advocacy; and
- Life Without Limits, which is an initiative to empower people with disabilities to envision and build a better future for themselves and their community;

UCP has approximately 100 state and local affiliates that provide advocacy and direct services to people with disabilities and their families. UCP was founded in 1948 to fulfill the important role of advancing the independence of people with disabilities. UCP supports affiliates in many facets of operations such as public education, public policy, advocacy, program services, and fundraising. UCP enhances the public's awareness of the services provided to people with disabilities and their families by UCP, its affiliates, and other agencies. UCP's support comes primarily from affiliate member fees and contributions.

A summary of UCP's significant accounting policies follows:

Basis of accounting: The accompanying financial statements are presented in accordance with the accrual basis of accounting, whereby, revenue is recognized when earned and expenses are recognized when incurred.

Basis of presentation: The financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Codification). As required by the Non-Profit Entities Topic of the Codification, *Financial Statements of Not-for-Profit Organizations*, UCP is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Cash and cash equivalents: UCP considers money market funds and all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Financial risk: UCP maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. UCP has not experienced any losses in such accounts. UCP believes it is not exposed to any significant financial risk on cash and cash equivalents.

UCP invests in professional managed portfolios that contain equity and fixed income securities. Such investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with such investments and level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that the changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Investments: Investments are recorded at fair market value. To adjust the carrying value of these investments, the change in fair market value is included as a component of investment return in the statement of activities.

United Cerebral Palsy, Inc.

Notes To Financial Statements

Note 1. Nature Of Activities And Significant Accounting Policies (Continued)

Receivables: Receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using the historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. The provision for doubtful accounts was \$118,754 at September 30, 2010.

Beneficial interest in trusts held by third parties: UCP is the beneficiary of the income of two charitable annuity trusts that it does not administer. The investments of each trust are administered by a trustee who is independent of UCP, and distributions are made to UCP in accordance with the trust agreement for each trust. These trusts are invested in cash and cash equivalents, fixed income funds, mutual funds, and equities. UCP records its interest in these trusts at fair market value within permanently restricted net assets. Income earned on these trusts, representing appreciation, for the year ended September 30, 2010, was \$4,882, and is classified as permanently restricted support in the accompanying statement of activities. Income earned on these trusts and paid quarterly is classified as unrestricted support in the accompanying statement of activities. For the year ended September 30, 2010, this amount was \$4,716.

UCP has two charitable remainder trust interests, valued at \$20,475, net of discount. These amounts were classified as temporarily restricted support in the statement of activities. These trusts currently pay income to the beneficiaries. At the time of the beneficiaries' deaths, the trusts will terminate and be distributed to ten charities, including UCP, in equal shares. UCP records its interest in these trusts at fair market value within temporarily restricted net assets. Income earned on these trusts, representing appreciation, for the year ended September 30, 2010, was \$2,565, and is classified as temporarily restricted support in the accompanying statement of activities.

UCP, as of September 30, 2010, recorded a beneficial interest in an additional trust. UCP recorded the beneficial interest of \$174,138 as temporarily restricted contribution operating revenue and support in the statement of activities.

As of September 30, 2010, UCP has beneficial interests in five trust agreements totaling \$342,800.

Property and equipment: UCP capitalizes all property and equipment with a cost of \$500 or more. Property and equipment is stated at cost. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, ranging from three to five years.

Net asset classification: Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of UCP and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of UCP.

Board designated net assets – Net assets not subject to donor-imposed restrictions (unrestricted), but designated as to use by the Board of Trustees.

Temporarily restricted net assets – Net assets subject to donor-imposed restrictions that will be met either by actions of UCP and/or the passage of time. As such restrictions are satisfied, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets subject to donor-imposed restrictions, which stipulate that the corpus be maintained in perpetuity by UCP, but permit UCP to expend part or all of the income and gains derived therefrom.

United Cerebral Palsy, Inc.

Notes To Financial Statements

Note 1. Nature Of Activities And Significant Accounting Policies (Continued)

Revenue and support: Contributions are recognized when received or earned. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Affiliates' membership fees are recognized monthly when earned. Revenue received for these fees, which relate to subsequent years, has been reflected as deferred revenue.

Event revenue is recognized when earned. Revenue received for events, which relates to subsequent periods, is reflected as deferred revenue.

Income taxes: UCP is a non-profit voluntary health and welfare agency exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the IRC). It has been classified as a publicly supported charitable organization under Section 509(a)(1) of the IRC and qualifies for the maximum charitable contribution deduction allowable to donors. Income, which is not related to exempt purposes, less applicable deductions, is subject to federal and state corporate income taxes. UCP did not have any net unrelated business income for the year ended September 30, 2010.

On October 1, 2009, UCP adopted the accounting standard on accounting for uncertainty in income taxes, which addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, UCP may recognize the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods. Management evaluated UCP's tax positions and concluded that UCP had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. With few exceptions, UCP is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before September 30, 2007.

Use of estimates: The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events: UCP evaluated subsequent events through March 8, 2011, which is the date the financial statements were available to be issued.

Note 5. Commitments

Leases: UCP has entered into various operating leases for office equipment. In addition, UCP maintains a lease for office space located in Washington, D.C. under a non-cancelable operating lease.

Future minimum lease payments required under the lease agreements are as follows:

Years Ending September 30,	
2011	\$ 516,590
2012	18,859
2013	18,859
2014	19,938
2015	19,938
	<u>\$ 594,184</u>

Rent expense related to these leases was \$546,623 for the year ended September 30, 2010.

During the year ended September 30, 2010, UCP earned approximately \$60,000, of revenue from subleases. Future minimum sublease payments required under the lease agreements are approximately \$60,000, for the year ending September 30, 2011.

Note 6. Line Of Credit

UCP has a \$1,500,000 line of credit with Branch Banking and Trust Company (BB&T). The line of credit is secured by a collateral agreement pledging \$1,500,000 of unrestricted funds with the Board Restricted Endowment Fund Account held at Goldman, Sachs & Co. The line expires on April 15, 2011. Interest on the line of credit is payable monthly at a variable rate based on BB&T's prime rate, which was 4.25% as of September 30, 2010. As of September 30, 2010, UCP had \$444,186 outstanding on the line of credit.

Note 7. Retirement Contributions

UCP sponsors a 401(k) plan for its employees, whereby, UCP deposits to each eligible employee's 401(k) account an amount equal to the employee's 401(k) contributions up to a maximum of 2% of the employee's annual salary, and an additional "Safe Harbor Contribution" of 3% of the employee's annual salary. Full time employees who have at least six months of service with UCP are eligible for the 2% employer match and 3% Safe Harbor Contribution. Pension expense for the year ended September 30, 2010, was approximately \$31,000, and is included in employee benefits and taxes in the accompanying statement of functional expenses.

Note 8. Employment Agreement

UCP has an employment contract with the Executive Director of UCP through May 31, 2011, which includes a severance package for early termination.

Note 9. Related Parties

The local affiliates are related to, but not controlled by UCP. Therefore, they are not consolidated in the accompanying financial statements.

UCP recorded membership fee revenues from affiliates in the amount of \$2,467,041 during the year ended September 30, 2010.

A portion of the national corporate sponsors' contributions received directly by UCP is allocated to the local affiliates pursuant to sharing agreements with national corporate sponsors. These contributions amounted to \$2,041,277 for the year ended September 30, 2010. During the year ended September 30, 2010, \$1,321,118 was allocated to the local affiliates. Support from the public reflected in the accompanying financial statements excludes collections retained by the local affiliates. Expenses incurred by the local affiliates are borne by them and are not included in the accompanying financial statements. Public policy analysis/advocacy and public education are program services provided to and for the benefit of the general public and local affiliates. Affiliate services are program services provided to and for the benefit of local affiliates.

Note 10. Unrestricted Net Assets Available For Operations Deficit

Unrestricted net assets available for operations as of September 30, 2010, had a deficit of \$379,359. The deficit was principally caused by costs incurred by UCP in funding a major ride program across the country, in 2008 - 2009. The ride was in conjunction with local UCP affiliates and was intended to raise awareness and educate the public about individuals with cerebral palsy and other disabilities. In addition, funds for a UCP program were exhausted and the remaining items were cleared through the use of unrestricted funds. UCP has not made a full recovery from the loss incurred by the events noted.

Note 11. Fair Value Measurements

UCP follows the Codification topic, *Fair Value Measurements*. The Codification applies to all assets and liabilities that are being measured and reported on a fair value basis. The Codification requires disclosure that establishes a framework for measuring fair value in GAAP, and expands disclosure about fair value measurements. The Codification enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. The Codification requires that assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market based inputs or unobservable inputs corroborated by market data

Level 3: Unobservable inputs that are not corroborated by market data

The estimated fair values of UCP's short-term financial instruments, including receivables and payables arising in the ordinary course of operations, approximate their individual carrying amounts due to the relatively short period of time between their origination and expected realization.

Note 11. Fair Value Measurements (Continued)

In determining the appropriate levels, UCP performs a detailed analysis of the assets and liabilities that are subject to fair value measurements. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	Level 1	Level 2	Level 3	Total
Assets:				
Equity securities	\$ 5,253,811	\$ -	\$ -	\$ 5,253,811
Fixed income securities	420,402	2,786,081	-	3,206,483
Beneficial interests in trusts held by third parties	-	-	342,800	342,800
Total assets	\$ 5,674,213	\$ 2,786,081	\$ 342,800	\$ 8,803,094

Equity securities are classified as Level 1 instruments as they are actively traded on public exchanges. Fixed income securities classified as level 1 instruments are mutual funds which are actively traded on public exchanges.

Fixed income securities classified as Level 2 instruments are corporate bonds which do not have quoted market prices in active markets for identical assets. Their value is determined using models and other valuation methodologies, which are corroborated by market data.

Beneficial interests in trusts held by third parties are classified as Level 3 instruments based on the fact that there is no market for UCP's interests in the trusts.

For assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the period, the Codification topic, *Fair Value Measurements*, requires a reconciliation of the beginning and ending balances, separately for each major category of assets and liabilities, except for derivative assets and liabilities, which may be presented net. The table below represents the reconciliation of the UCP's assets measured at fair value on a recurring basis using significant unobservable inputs:

Description	Beneficial Interests In Trusts Held By Third Parties
Beginning balance of assets	\$ 161,215
Additional beneficial interest received	174,138
Total change in value recorded in revenue	7,447
Ending balance of assets	<u>\$ 342,800</u>

Note 12. Board Designated And Permanently Restricted Net Assets

UCP follows the Codification on *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds*. The Codification addresses accounting issues related to guidelines in the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA), which was adopted by the National Conferences of Commissioners on Uniform State Laws in July 2006. UCP includes all permanently restricted funds and temporarily restricted quasi-endowment funds in its endowments. The management of UCP has interpreted UPMIFA as requiring the preservation of the fair value of original donor-restricted endowment gifts as of the date of the gift absent explicit donor stipulations to the contrary. As a result of this interpretation, UCP classifies as permanently restricted net assets (a) the original value of cash gifts donated to permanent endowment; (b) the discounted value of future gifts promised to permanent endowment, net of allowance for uncollectible pledges; and (c) the fair value of non-cash gifts received, whereby, the proceeds of any future sale are donor-restricted to permanent endowment. The remaining portion of donor-restricted endowment funds not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by UCP in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, UCP considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The purpose of UCP and donor-restricted endowment fund
- The duration and preservation of the fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other available financial resources
- Investment policies

Investment and spending policies: UCP invests all endowment funds in a pooled fund managed by an investment manager according to the objectives and guidelines of UCP's Investment Policy. The Investment Committee is specifically charged with conducting regular reviews of the performance and mix of the investments that make up the Fund portfolio.

Annually, UCP budgets for 5% of the board designated endowment funds to be spent in the following year. This amount is approved by the UCP Board via the budgeting process. Throughout the year, on a quarterly basis, funds are transferred from the board designated funds to operations for utilization.

Annually, UCP budgets for 4.5% of the donor-restricted endowment funds to be spent in the following year.

UCP's endowment funds consist of the following at September 30, 2010:

	Board- Designated Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ -	\$ 1,060,510	\$ 4,629,389	\$ 5,689,899
Board designated endowment funds	3,069,692	-	-	3,069,692
	<u>\$ 3,069,692</u>	<u>\$ 1,060,510</u>	<u>\$ 4,629,389</u>	<u>\$ 8,759,591</u>

The endowment funds are composed of the investments, detailed in Note 2, as well as the temporary cash investments on the statement of financial position.

Permanently restricted net assets at September 30, 2010, consisted of the Bellows endowment detailed above, as well as the charitable annuity trust interests detailed in Note 1. Earnings on the Bellows endowment fund are temporarily restricted for program purposes as specified by the donor.

Note 13. Temporarily Restricted Net Assets

Temporarily restricted net assets include donor restricted funds, which are only available for program activities, or general support designated for future years. Temporarily restricted net assets were released from restrictions during the year ended September 30, 2010, due to the purpose of the restriction being accomplished.

Temporarily restricted net assets at September 30, 2010, are available for the following:
