Talking points to help guide your call:

- Hello (introduce yourself), as a constituent and someone impacted by disability I wanted to make you aware of the recent passage of the National Family Caregiver Support Program as part of the Older Americans Act.
- Caregivers are an essential part to living a life without limits for individuals with disabilities and their families.
- Programs like these support and invest in caregivers, which will be increasingly critical as our population ages.
- Thank you for your continued support.
- I look forward to working with you to continue to support this program, and others that impact the lives of those living with disabilities and their families.
